RE: Notice of Layoff – Reduction in Force

Dear Ms. Reyes,

Due to the consolidation of production lines into our Tulsa facility, the Fort Smith plant will reduce its workforce by 140 of its 410 employees. We regret to inform you that your position, Machine Operator II, is among the positions eliminated.

Your last day of employment will be August 14, 2026. This layoff is permanent; there is no expected recall date. You have been employed at the Fort Smith facility since March 11, 2013.

• Your final paycheck, including unused paid time off, will be issued on August 21, 2026.

• Medical, dental and vision coverage continues through August 31, 2026. COBRA information is enclosed.

• A Rapid Response session with the Arkansas Division of Workforce Services is scheduled for July 29, 2026 in the plant cafeteria. Information about unemployment insurance and retraining will be provided.

Thank you for your years of service. Please contact Human Resources with any questions.

Sincerely,

Karen Doyle
